

FOUR AUTO RACERS KILLED AT NASHVILLE

Four of Six High Power Cars
Entered in Twenty-Five Mile
Free-for-All Wrecked

THREE RECEIVE INJURIES

Two Machines Flash Through Wreck of
Broken Cars and Maim Bodies at Rate
of Sixty Miles an Hour, Escaping Injury

TRAGEDY COMES WITHOUT WARNING

NASHVILLE, Tenn., Sept. 1.—
Death claimed a heavy toll in the
Labor day automobile speed races at
the state fair grounds this afternoon,
when four of the six high power cars
entered in the twenty-five mile free-
for-all were wrecked.

Four of the dare-devil racers
were killed, three received minor in-
juries, while four escaped without
injury of any sort. Two of the cars
with their drivers and mechanics
flashed through the tangled wreck of
broken cars and maimed bodies at
the rate of sixty miles an hour, es-
caping injury.

The dead:
John W. Sherrill, driver of Buick
car No. 3.

Thomas P. Bridges, mechanic of
Buick car No. 3.

William Sherrill, driver of Stutz
car No. 8.

"Goody" Brown, mechanic of
Stutz car No. 8.

The injured:
Freeman Ormsby, mechanic of
Mercer car No. 2, injuries not seri-
ous.

Clyde Donovan, driver and sole
occupant of Studebaker "The Whisk-
broom," No. 13, slight bruises.

Edward Polk, driver of Mercer
car No. 2, slightly bruised.

All of the victims are residents of
Nashville.

Mercer car No. 5, Jake Loyer,
driver, Ted Sheppard, mechanic, and
Anderson No. 8, T. L. Evans,
driver, Frank Bell, mechanic, es-
caped unharmed, although they rushed
through the wreckage at full
speed. The terrible tragedy came
without warning to the spectators,
as the previous races had been run
without a hitch.

The six cars were speeding around
the circular track at a terrific rate
of speed with the Studebaker
"Whiskbroom," carrying the ill-fated
No. 13, about 200 yards in the lead
of Mercer No. 2. On the fifth lap
Clyde Donovan, driving the "Whisk-
broom," about 200 yards in advance
of the Mercer No. 2, feeling his right
front wheel give way, after swerving
to avoid striking a negro boy,
turned into the outside fence to
avoid blocking track. The wreck of
the fence fell back onto the track, in
the path of the succeeding cars.
Mercer No. 2 flashed by in an in-
stant. The Stutz, running third,
drove into the wreckage and turned
somersault, throwing both its driv-
ers, clear. The Buick followed and
struck with a terrible crash, rolling
over several times. Both occupants of
the Buick car were killed instantly
and Sherrill and Brown of the Stutz
died of their injuries within a few
minutes.

After having escaped the "Whisk-
broom" wreckage, the Mercer No. 2
again circled the track and was it-
self wrecked against the fence after
dodging the bodies that lay in its
path.

RETURN FROM NORTH.

Col. and Mrs. John R. Robertson,
their two sons, Mrs. Julia C. Pier-
son and Miss Lizzie Kerfer, have re-
turned from an extended summer
stay at Lake Minnetonka, Minn.,
coming by train. Eldridge Sibert,
Col. Robertson's chauffeur, brought
his Pierce Arrow through in splen-
did time. He started from Lake
Minnetonka Sunday morning at 6
o'clock and at night had reached
Cedar Rapids, Ia., a distance of 298
miles. After spending the night
there he started for Jacksonville
and arrived here Monday night at
7:30 o'clock, traveling a distance of
253 miles. The journey was made
without any mishap or trouble, the
big car coming through in fine shape
and Mr. Sibert has the certain sat-
isfaction of knowing he made an ex-
cellent run.

CRANKED AUTOMOBILE WITH ENGINE IN GEAR.

The Regal automobile, owned by
C. E. Williamson, the undertaker,
came almost getting beyond his con-
trol Sunday in front of his place of
business on East State street. Mr.
Williamson had a party of ladies
with him and a team of men in the
front seat. The proprietor jump-
ed out of the car and cranked it
while the engine was in gear. Before
he could get into the auto it started
off at a good clip. The machine zig-
zagged across the street, almost up-
setting once before Mr. Williamson
could get hold of the steering wheel
and shut off the power.

WILL HOLD MEETING TONIGHT.

Mr. White of Beardstown and Mr.
Wilbrite of Greenfield, men who re-
present the Burlington Trail associa-
tion, will be in the city tonight and
will meet members of the depart-
ment of rural affairs of the Chamber
of Commerce at 7:30 o'clock. All
citizens who are interested in the
question of good roads are urged to
be present.

THREE ARE KILLED IN ROCK ISLAND WRECK

SPREADING RAILS CAUSES ACCIDENT
NEAR MAYNARD, IOWA

Train Rolls Down Treacherous Em-
bankment—Thirty-five Hurt—List
of Dead and More Seriously In-
jured.

CEDAR RAPIDS, Iowa, Sept. 1.—
Train No. 444, southbound on the
Decorah branch of the Rock Island
and due here at 6 p. m., was wrecked
two miles east of Maynard at 3:45
this afternoon. The entire train was
derailed, rolling down a treacherous
embankment.

Three were instantly killed and
thirty-five others were more or less
seriously injured. The cause of the
accident was the spreading of the
rails, while the train was going over
a 10-foot bridge. The engine left
the rails and the coaches turned
over sliding down the embankment.
A special train was made up at
Oelwein and left Maynard at 7
o'clock last night, bringing the in-
jured to this city.

The train was running between
25 and 30 miles an hour, which is
a maximum speed for trains on this
branch. Several rails were broken
as a result of the wreck and the
track was torn up for 200 feet.

John Proctor, Kansas City,
1. Hepworth, Oelwein, Iowa.
Mrs. Cora Debow, Oelwein, Iowa.
The more seriously injured:

Dr. S. M. Andrews, Oelwein, face
cut, injured internally.

Mons. Proctor, shoulders injured.
G. H. Phillips, ribs broken.

A. A. Crawford, Cedar Rapids, en-
gineer, back injured.

Fireman Hennings, Cedar Rapids,
internal injuries.

A. M. Wolters, conductor, Cedar
Rapids, shoulders injured.

Chauncey Briggs, arm broken.
P. T. Hensick, hip broken.

The injured were taken to hospi-
tals at Oelwein.

AUTOMOBILE GOES OVER EMBANKMENT, KILLING ONE

Party Enroute From Joliet to Elgin
When Car Overturns—Five Injured.

Aurora, Ill., Sept. 1.—Miss Helen
Gardner was killed and David L.
Gardner, her father, a wealthy real-
estate dealer was badly injured when
the automobile in which they were
riding turned over a fifteen foot
embankment near Elgin today. Mrs.
Gardner and three younger daugh-
ters, Dorothy, Nora and Mary were
bruised but it is believed were not
seriously injured.

The injured were taken to a hospi-
tal in Elgin.

The party was returning from El-
gin when Mr. Gardner turned to pass
another car.

IRISH RAMBLERS WIN TWO

The Irish Ramblers defeated Harry
Potter's team in a game Sunday by
a score of 13 to 1, and Monday after-
noon by a score of 11 to 10. In the
game Monday Yost got a home run
and three singles Anders a three bag-
ger and three singles and Doolin and
Corbridge four hits each. In Sun-
day's game the batteries were: Ram-
blers, Doolin and Leary; Potter's
team, Dolear, Ahlquist and Coverley.
Monday's game batteries were: Ram-
blers, Doolin and Leary; Potter's
team, Ahlquist and Sheehan.

RETURNS FROM EUROPEAN TOUR

Mrs. James O. Vosseller has re-
turned from an extended trip through
Europe. She was in a personally
conducted party from St. Louis and
among the places visited were Scot-
land, France, England, Switzerland,
Ireland and Italy. They sailed from
Naples on the Cunard liner, Ivernia,
returning via the Mediterranean sea
and arrived in New York the morn-
ing of the day on which the Ham-
burg-American liner, Imperator, was
caught fire, and although they did
not see the blaze, they heard a great
deal about it in the streets of New
York. Mrs. Vosseller has been away
about three months.

HAULING WATER MEANS EXPENSE.

Out at the Heintz greenhouses now
it is necessary to haul each day 3,
600 gallons of water for the plants.
Under ordinary conditions the sup-
ply is obtained from three big wells
which are near the greenhouses, but
for weeks there have been dry and
water is being hauled for the big
daily consumption. Buying and
hauling water, of course, adds large-
ly to the daily expense of the ex-
tensive business.

BOARD MEETING ADJOURNED UNTIL THIS EVENING.

The Board of Education met last
evening with Mayor Davis, Members
Wells, Hall, Bavington and Clerk
Paynt present. Member Hall made
a motion, seconded by Member Wells
that the meeting be adjourned until
7:30 o'clock this evening, which was
carried.

CRUSHES FINGERS IN DOOR.

The young son of M. C. Hook had
the misfortune to catch the fingers
of his right hand in a heavy door
Monday morning. The nails were
mashed almost off and the tips of
the fingers were so lacerated that
surgical aid was necessary.

ARE MOVING TO CITY.

Among the people who moved to
Jacksonville Monday were Homer
Peters and family of Shelbyville and
Omer M. Martin and family of Pal-
myra.

MEXICAN SITUATION REMAINS UNCHANGED

NO FURTHER SUGGESTIONS HAVE
BEEN MADE BY ENVOY LIND

Nothing But Messages Relating to
Movements of American Citizens
Received at State Department—
Constitutionalists Request Arms.

WASHINGTON, Sept. 1.—Secre-
tary Bryan remained at the state de-
partment today for news from Mexi-
co until a few minutes before his
train left for the Maryland shore,
where he lectured tonight. As he
hastened away in his carriage, he
declared that nothing had been re-
ceived except messages relating to
the movements of American citizens
in the southern republic.

Earlier in the day the secretary
had conferred with Senator Bacon,
chairman of the foreign relations
committee, and both stated no fur-
ther suggestions had been made by
Special Envoy Lind to the Huerta
government and that no overtures
from the Mexican side had been
made.

The care of American citizens,
refugees from Mexico, was the sub-
ject of routine messages between the
department, Americans of Mexico
and along the border. Red Cross
authorities at New Orleans were not-
ified during the day that Americans
from Mexico arriving at that port in
need of assistance should be helped
to reach their homes in this country.

Constitutionalists Request Arms.

Eagle Pass, Texas, Sept. 1.—For
alleged protection of American in-
terests, constitutionalists today re-
quested the United States govern-
ment to import 1,000 rifles and sev-
eral hundred thousand rounds of
ammunition into Piedras Negras, op-
posite Eagle Pass. The request
pointed out that the Washington au-
thorities were reported to have au-
thorized such an importation to
Juaraz for the protection of El Paso.

American Refugees Indignant.

Mexico City, Sept. 1.—Many of the
Americans who are heading Presi-
dent Wilson's warning to leave
Mexico are indignant over the class
of transportation offered. Tele-
grams from Vera Cruz and Tampico
indicate that the only prospect the
consuls are authorized to provide is
"steerage" or the lowest price ticket
available. Some of the Americans
who proceeded to seaports to avail
themselves of the proffered transpor-
tation home have refused to accept,
saying they prefer to take their
chances in Mexico "to be herded in
the steerage."

Lind to Visit Plantation.

Vera Cruz, Sept. 1.—President
Wilson's personal representative,
John Lind, and Rear Admiral Fletch-
er, commanding the American war-
ships here, have planned to leave
tomorrow morning on a visit to a
sugar plantation sixty miles to the
south.

THREE AMERICAN BOATS DEFEAT GERMAN YACHTS

Americans Are Victors in First of
the International Series of Sonder
Yacht Races at Marblehead.

Marblehead, Mass., Sept. 1.—The
three American boats defeated the
three German challengers in the first
of the international series of Sonder
yacht races today. The winner was
the Clima, owned by Guy Lowell of
Boston. The Sprig, owned by J. L.
Saltonstall, of Beverly, was second,
and the Ellen, owned by C. P. Cur-
tis of Boston was third.

The first of the German yachts to
cross the finish line was the Aigle
IV, owned by Crown Prince William.
The Serum followed next and the
Wittelsbach X was third.

EVENING PAPERS ALL ONE CENT SAN FRANCISCO, Cal., Sept. 1.

There was another break in the
ranks of the 5-cent newspapers to-
day, when the Evening Bulletin ap-
peared for sale at 1 cent a copy. The
field is now sharply divided with all
four afternoon newspapers selling
for 1 cent each and the two morning
papers adhering to the old price of
5 cents.

POSTOFFICE CLERKS IN SESSION

Indianapolis, Ind., Sept. 1.—Sev-
eral hundred delegates, representing
nearly all the states, were present
here today when the eighth annual
convention of the National Federa-
tion of Postoffice Clerks was called
to order. The sessions will continue
three days. The opening session
was devoted to the exchange of
greetings and the annual reports of
the officers.

NEWSPAPERMEN GIVE WHITE THE DECISION.

Canton, Ohio, Sept. 1.—In a twelve
round bout at Meyers' lake today be-
tween Charlie White, Chicago, and
Johnny Griffith, Akron, light-weight,
newspapermen at the ringside decid-
ed that White had the advantage in
the points while the minority declar-
ed that in their judgment the fight
was a draw.

FIGHT TAME DRAW.

Terre Haute, Ind., Sept. 1.—Gus
Christie of Milwaukee and George
"Knockout" Brown of Chicago
fought a tame ten rounds to a draw
here today. Brown was hooted for
using his elbow in clinches and was
warned by Referee McLaughlin to
refrain from such work.

THE TEMPERATURES.

The temperatures for Monday, ac-
cording to G. H. Hall, weather ob-
server at Alexander, were: maximum
103, minimum 72.

VISCOUNT HALDANE ADDRESSES LAWYERS

Discourse Forms Principal Fea-
ture of Opening Meeting of
American Bar Association

WAS EPOCH-MAKING SPEECH

Frank B. Kellogg, Former President Taft,
Premier Borden and Chief Justice
White Come in for Ovation

TELLS OF TREATY MAKING POWER

MONTREAL, Sept. 1.—The ad-
dress delivered this afternoon by
the Lord High Chancellor of England
Viscount Haldane of Cloan, formed
the principal feature of the opening
meeting of the American Bar Associa-
tion. Viscount Haldane held an
audience which completely filled the
Princess Theatre and which included
many of the great legal lights of the
Western Continent and several from
Europe. His theme was "Higher
Nationality—a study in law and
ethics."

It was in many ways an epoch-
making speech, dealing as it did with
the relationships of three great na-
tionalities. The Lord High Chan-
cellor told how British law in the
early days was largely vested in the
sovereign of the realm who had
associated with him the Lord High
Chancellor as the executive of the
King's justice. That announcement
law was based upon experience rather
than upon logic he said and this
fact had influenced the law and the
constitutions of the three great na-
tions, England, France and Ameri-
ca.

Mankind Fears Public Opinion

The speaker argued that the great
force that actuated mankind in ob-
serving the law was not fear of the
offices of justice, but fear of public
opinion, and that therefore public
opinion tested more than the arbi-
trary execution of justice to restrain
men from law breaking. Develop-
ing this argument, Viscount Haldane
proceeded to suggest that the same
policy might possibly be as much
ashamed to follow the ancient meth-
od of settling differences and dis-
putes as individuals have become in
late years.

Frank B. Kellogg, president of the
American Bar Association only in-
troduced the presiding officer of the
afternoon, Chief Justice White of the
United States Supreme Court, re-
ferring to him as a person who exem-
plifies the highest ideals of the Ameri-
can lawyer and who has added
lustre to his profession "by the man-
ner in which he has presided with
great honor and dignity over the
supreme court of our land."

Frank B. Kellogg, former president
Taft, Premier Borden and Chief
Justice White also came in for ova-
tions.

Tells of Treaty Making Power.

"Treaty Making Power" particu-
larly in its relation to the controver-
sy aroused by the Alien Land law
of California was the topic of an
address delivered at the opening
of the annual meeting of the American
Bar Association here today by
Frank B. Kellogg of St. Paul, Minn.,
president of the association. Mr.
Kellogg of St. Paul, Minn., president
of the association. Mr. Kellogg
maintained that the federal govern-
ment had the right to define by
treaty the status of a foreign citizen
in the states of the places where
he may travel, the business in which
he may engage and the property he
may own, both real and personal and
the disposition of such property after
his death.

"It," said Mr. Kellogg, "citizens of
Japan have any right to own real
estate in California, it is difficult to
see how this law takes away such
right because it provides in substance
that such aliens may acquire, possess
enjoy and transfer real estate in the
manner and to the extent and for
the purpose prescribed by any treaty."

The California law he explained,
discrimination between aliens eligible
and those not eligible to citizenship,
permitting the former to possess, en-
joy, transmit and inherit real prop-
erty in the same manner as citizens,
and limiting those not eligible to
citizenship to the rights extended to
them by treaty with the government
of the United States.

He said it was understood, how-
ever by the public generally that
California claims the right to legis-
late in respect to land held by aliens,
notwithstanding any treaty provi-
sions with the federal government.
He asserted that the question thus
raised is one of vital importance to
our nation, in its relation to foreign
governments.

"It is true that the federal govern-
ment may not make a treaty upon
any matter which is ordinarily re-
served for the governmental control
of the state," he said, "a principal
part of the treaty-making power, as
it has been exercised for more than
100 and twenty-five years, is swept
away, for the central government has
exercised this power, and it is abso-
lutely necessary that it should do
so in order to protect foreign citi-
zens in their rights and to demand
and receive for our citizens the same
rights in foreign countries. We can-
not expect that American citizens
will be respected and receive the pro-
tection to which they are entitled
under the principles of international
law and the custom of nations if we
declare that our government is so
impotent that it cannot give to for-

THAW HEARING WILL BE HELD IN PRIVATE

NOT EVEN W. TRAVERS JEROME WILL
BE ALLOWED IN THE CHAMBER

Superior Judge Hutchinson An-
nounces Decision After Weighing
Matter Carefully—Reporters To Be
Barred—Prisoner Spends Uncon-
fined Day.

SHERBROOKE, Quebec, Sept. 1.—
Unless Superior Judge Matthew
Hutchinson changes his mind over-
night, the Habeas Corpus proceedings
tomorrow in the case of Harry K.
Thaw will be held in private. Not
even William Travers Jerome, chief
of the New York state interests seek-
ing Thaw's return to Matteawan, will
be allowed in the chamber. Judge
Hutchinson announced his decision
tonight.

He had weighed the matter care-
fully all day, noting meantime the
ever swelling crowd pouring into
Sherbrooke for the fair. On the lips
of nearly everyone was a sympathetic
word for Thaw. Taking cognizance
of this and of the outbreak of last
Wednesday, when Thaw was cheered
in court as a hero, the judge decided
that the wisest course would be to
exclude spectators.

Reporters also are to be barred,
according to tonight's arrangements
and while the Thaw lawyers may
be present in a body, if they so de-
sire, only two representing New York
are to take part in the proceedings.
They are Samuel Jacobs, of Montreal,
chief counsel for the state and Hector
Verret, appearing for the Matteawan
asylum from which Thaw escaped.
The case is the center of interest.

Those with the gambling spirit do-
minant were waging a 2 to 1 bet
that the writ would not be upheld.
At all these predictions, Jerome smil-
ed quizzically. "We are going to get
Thaw," he said, "maybe not tomorrow
but we'll get him."

Jerome Receives Threats.

Many letters threatening Jerome's
life have been received by him since
his arrival here, but he has made
none of them public. Most of them
were written by cranks, although one
from Chicago had a particularly
insinuating tone. While Jerome takes
such matters lightly, having received
thousands during the Thaw trial in
New York, he is being guarded here
constantly by private detectives, re-
tained by the state of New York.

This afternoon a crank tried to enter
his room but was steered away.
Alexis Dupuis, justice of the peace
and just now the most talked of man
in Quebec in view of his having
signed the commitment on which
Thaw's held issued a statement to-
night saying with some heat that if
the commitment were defective, as
has been contended, it was not his
fault but that of Hector Verret, coun-
sel for the Matteawan asylum, who
drew it.

Thaw today sent the Protestant
and Catholic booths at the Sher-
brooke fair each a check for \$50.

On the whole he spent an uncon-
fined day, receiving few visitors.

YOUNG GIRL SHOT IN BATTLE BETWEEN STRIKERS AND DEPUTIES

Shooting Was Denounced as Murder

Hancock—Girl Not Expected to
Live.

Calumet, Mich., Sept. 1.—Margaret
Fazekas, 15 years old, was shot in
a battle between copper mine strik-
ers and deputies at the North Kea-
rsgate mine today and is not expected
to live. None of the eighteen de-
puties who participated in the strike
have been arrested. The shooting
was denounced as murder at a labor
day mass meeting held at Hancock

EQUAL RIGHTS IN NEW YORK.

Albany, N. Y., Sept. 1.—An im-
portant amendment to the civil rights
law, enacted by the New York legi-
slature last winter with a view to
abolishing all race discriminations,
went into effect today. The new
law applies to inns, taverns, hotels,
restaurants, barber shops, theatres,
and music halls. It provides that
any person violating its provisions
shall be liable to a penalty of not
less than one hundred dollars, nor
more than five hundred dollars, to
be recovered by the person aggrieved.
In addition, imprisonment of not
less than thirty nor more than
ninety days may be imposed.

MURDERER SURRENDERS SELF
IMMEDIATELY AFTER SHOOTING

Fields Claimed Death of His Mother,
Whom Dr. Gordon Operated on,
Was Caused by Physician's Care-
lessness—Charges Doctor At-
tacked Younger Mrs. Fields.

CAIRO, Ill., Sept. 1.—Dr. E. E.
Gordon, a prominent physician of
this city was shot and killed here
tonight by Harry Fields, an insur-
ance solicitor. About ten days ago
Gordon operated on Fields' mother.
Her subsequent death, the insurance
man declared, was caused by the
physician's carelessness. It was in
return for her life that he took that
of the doctor, he said.

Fields met the physician at the
entrance of St. Mary's hospital and
after a few words pulled a revolver
and fired two shots killing him in-
stantly. Immediately after the shoot-
ing he surrendered himself to the
police.

Dr. Gordon was divorced from his
wife about two years ago. He was
visiting a daughter at the hospital
when he met Fields. The latter is
25 years old and has a wife and
child.

In his cell here tonight Fields
made the statement that Dr. Gordon,
who was the family physician, had
attacked the younger Mrs. Fields.

CHAUTAUQUA FOR 1913 NOW MATTER OF HISTORY

Can be Accounted a Success as Interest Was Maintained Until the Last—Good Program Sunday.

The chautauqua of 1913 is now a thing of history and the white city that looked so attractive in the southeast corner of Nichols park has given way to the natural soil again and the grass, what there is left, and the trees occupy the ground. As far as can be ascertained, all are going away well pleased and one gentleman who didn't camp this year said he wanted first choice of locations next year for he doubted if the park would hold all the tents which people would want to pitch. There have been few incidents to mar the good times that the campers enjoyed and no accidents at all while the temporary association formed made much pleasure for all concerned. The gate receipts Saturday were \$77 and Sunday about \$150. The auditing committee will meet today to check up accounts and then the exact status will be known.

The program Sunday was enjoyed by a fairly good sized audience. In the morning the first number was a concert by the Jeffries band and it was fully up to the grade of all former efforts of this famous home organization. The band has done finely all through the ten days of the chautauqua and has won untold honors which are much enjoyed and fully appreciated by the members.

After the concert came the reading by Miss Nena Rense, who chose Vandyke's famous production, "The Other Man." The young lady is an eloquentist of fine ability and has had much experience and her effort was so good that the audience demanded a second appearance and she gave them a lighter production, "The Little Grey Lamb."

Science applied to the raising of children was the theme of Mr. Wiggam, Sunday afternoon, in his address on "The Wealth of the Nation—the Child." The lecture followed a short concert in which Jeffries band played a number of sacred and classical selections. Mr. Wiggam, a native of Indiana, has in his career on the platform made many scientific investigations on questions dealing with eugenics, heredity, human efficiency and the energies of man.

"The greatest fact in America today is the nervous system of the child," said the lecturer in beginning his remarks on the salvation of the child through science. We spend thousands of dollars learning how to breed perfect corn and raise standard hogs, and leave to loving but ignorant and unguided hands, the most important task of all, the correct upbringing of the child. We apply science to horse raising and leave child-raising to fallacious popular fancy. We kill the babies by wrong feeding, by insufficient air and polluted water and by needless bottle feeding.

In regard to the child's education, Mr. Wiggam told of the harm which arises from adenoids, crooked and decayed teeth and eye-strain. "There is no such thing as a healthy, lazy child. If your child is lazy and listless, consult a physician at once," Mr. Wiggam continued with reasons for the regular medical examination of school children. Milk-teeth, straightened in childhood by a school dentist, may save later years of dyspepsia and intestinal disorders. Adenoids removed may change the mouth-breathing, dull child to a bright and active one. A pair of lenses for eye-strain will oftentimes relieve serious digestive and nervous disorders. Science is needed in agriculture and stock-raising, of course, but it is absolutely essential in the care of the greatest crop and most valuable asset of the nation—the child.

At 4 the band gave another concert and this was followed by more readings by Miss Rense, who chose at her first number "The Little Rebel," and some selections from Lew Wallace's great book, Ben Hur.

At the evening session the audience heard a far-seeing, big-hearted, practical reformer discuss the question of crime and its punishment. In the closing address of the chautauqua, Dr. Rollo H. McBride, the "Prisoners' Friend," discussed the time-worn forms of punishment that aggravate crime and the new methods that make over men and really reform them. Mr. McBride's lecture, "The Prisoner," deserves to be ranked among the most enlightening addresses of the Jacksonville educational festival.

Notes.
There are plenty to find fault and criticize but the management may feel proud of their success. They furnished a fine bill each day and gave a big value for all that was paid. There was complaint about tickets not being transferable but on the other hand there was abuse of tickets. Strangers having them in some instances handed them through the fence to be used a second time as the gatekeepers had every reason to believe.

There has been criticism for the small financial outcome but the management felt that the money would best be expended in supply something good each day, as a big profit would have done but little good to the Chamber of Commerce.

The city has good reason to be proud of the fine street railway service, as the crowds were most admirably handled and no complaint heard. Mr. Miser and his assistants handled the situation excellently.

HAS TRIED DRY FARMING.
Marcus Hulet, residing a few miles east of the city, has tested the value of dry farming this year and has well succeeded. He has a field of corn which he has cultivated eighteen times and says he will have a good crop. He says that with even one good rain after corn is planted he can make a crop by keeping the ground constantly worked and finely pulverized.

GOLDEN WEDDING

Mr. and Mrs. E. C. Andrews to Celebrate the Fiftieth Anniversary of Their Wedding Tomorrow.

Fifty years ago September 3, at the home of Mr. Cherry in Springfield his daughter, Mary, was married to Emanuel C. Andrews of this city and in commemoration of the event cards have been issued to a number of friends inviting them to the home at 724 Grove street between the hours of 7 and 10 Wednesday evening.

Mr. Andrews was born in Madeira 76 years ago and at an early age removed with his parents to this country and has lived in Morgan county ever since. Mrs. Andrews was born in Springfield, Sept. 23, 1845, and was reared in the capital city and her parents were among the well respected residents of the place.

The wedding trip consisted of a journey to this city and to the home which had been already occupied two years before by the groom, a farm owned then by Col. J. M. Dunlap and now by Harry Kithner, on the Vandalla road, northeast of Nichols park. There they lived a year and then moved to the city, where for a time Mr. Andrews was janitor of Illinois college. They took up their residence on South Diamond street, first in a house built on the Watkinson addition and later to the small block just south of West College street. Mr. Andrews first lived on the north corner, but later added two houses to the property and now occupies the one on the northeast corner of South Diamond and Grove streets.

Mr. Andrews is a painter by trade and is a hard working, industrious man and has a good reputation for integrity and uprightness. He has one brother, John L. Andrews, residing in Needles, Cal., and Mrs. Andrews has a brother, S. G. Cherry, of Springfield. They have two sons, Clarence E., of Peoria, and Cyrus C., who lives with his parents. They also have one grandson and one granddaughter.

GOOD AUDIENCES FOR YANKEE ROBINSON SHOWS IN SPITE OF HEAT

People Enjoyed Old Time Circus Performances—Troupe of Japs Gave Fine Aerial Performances—Wild West a Good Feature.

The Yankee Robinson shows came to Jacksonville Sunday from Carrollton, Mo., gave two exhibitions in Jacksonville Monday and during the early hours of Tuesday morning started on the journey to Mt. Sterling, Wednesday they go to Keokuk, Ia. On account of delays in loading and traveling the train bringing the shows did not reach here until 4 o'clock Sunday afternoon while the expected hour of arrival was five o'clock Sunday afternoon while the expected hour of arrival was five o'clock in the morning.

The parade which moved at 11 o'clock Monday was not extensively because the Yankee Robinson management does not claim to carry a very large menagerie but in other respects it was up to the circus standard. The old time circus is what the Yankee Robinson people emphasize and they gave a good three ring show of this class. In the afternoon the big tent was almost completely filled in spite of the tremendous heat and the audience watched with great interest a program of more than two hours length.

In the acrobatic work the Japs easily carried off the honors and on the tight wires, on the trapezes and bars their marvelous performances called forth applause. The troups was secured direct from London for this show. Another feature which attracted special notice was the wild west show, including as it daring feats of horsemanship and other acts exemplifying the life of the great west. A number of the expert riders got their training in Buffalo Bill's famous Wild West. The band the Robinson Show carries is more than usually strong and adds a good deal to the pleasure of the performances. It is under the leadership of Theodore Stout a Jacksonville boy who is doing good work.

The managers and officials who accompany the show were more than usually courteous to their patrons and the public generally and altogether the performances given here were of a satisfactory kind.

Slim Allen Kicked by Horse.
"Slim" Allen, the star rough rider for the Yankee Robinson circus, was kicked in the leg by a wild horse at the concert following the afternoon performance Monday and had to be carried from the arena. He was able to walk after an hour, but his leg is quite painfully bruised.

Just before the close of the afternoon performance a number of cowboys and ponies were brought into the main show tent and the announcer told the audience of the exhibition of riding that would be given at the concert. He pointed "Slim" out as a champion wild horse rider and said that the management offered \$1,000 for any horse that he could not ride. He also announced that George Anderson, who resides near Chapin, had brought in a wild mare and at the concert "Slim" would ride the animal. Just as the men started to take the horse back to the dressing tent, Mr. Allen's horse broke loose and ran into the menagerie tent with the men running trying to catch it. The spectators thought that this was part of the performance.

"Slim" gave an exhibition with the lariat at the concert just before the riding performance that pleased the audience and after the mare was saddled he swung into the saddle and gave an excellent exhibition of rough riding, staying on the fractious animal with seemingly little difficulty. When he alighted he started to take the saddle off the mare when she whirled and kicked him on the right leg, just above the knee. The blow knocked the man off his feet and his leg popped as though it were broken. The leg became numb at once and "Slim" had to be carried to the dressing tent and it was fully an hour before he was able to walk. Last night when asked if the horse was wild, "Slim" answered that she was crazy and that she must have been "loosed." He complained of his leg being sore but said that he thought it would be well in a few days.

Help do Wonders for
the Blood.

A few doses of that wonderful blood purifier, S. S. S., will start activities in the cellular tissues of the body and soon show decided changes in the skin. The skin is but a fine network of tiny blood vessels, and the specific action of S. S. S. is declared to be a pronounced stimulation of the activity of these cells. Certain it is that in a surprisingly short time any skin eruption shows a most remarkable change; it begins to dry up; the skin scales off in tiny flakes, and soon a layer of clear, healthy and firm tissue results. The reason for this is in the peculiar stimulation of S. S. S., which enables the cells in the skin to select from the blood the nutriment it requires for regeneration. This fact has been demonstrated year in and year out in a wonderful number of cases of severe skin diseases that had seemed to be incurable. You can obtain S. S. S. at any well stocked drug store, if you insist upon it, but be sure you are not talked into something "just as good." S. S. S. is prepared by the Swift Specific Co., 180 Swift Bldg., Atlanta, Ga. REFORMS URGED IN TREATING MENTAL AND NERVOUS DISEASES

State Charities Commission Suggests Establishment of Psychopathic Hospitals at Large Centers—Commitment Would Be Voluntary.

The State Charities Commission in its report for the year 1912 just issued, devotes much space, urging radical reforms in the system of treating mental and nervous diseases. Hospitals at Large Centers.

The Commission recommends the establishment in all large centers of population of psychopathic hospitals for the care and treatment of the acute insanities where the commitment shall be purely voluntary. It favors the present state hospitals being made colonies for the strictly chronic class. By this plan the Commission says the man in the stages will seek hospital care, and a larger number will be cured or prevented from deteriorating into incurables. The medical and scientific service by this method would be centered in the staffs of the psychopathic hospitals, while work of the present state hospitals would be directed towards the re-education and training of the insane in occupations and industries that would retard their degeneration, physically and mentally, and at the same time contribute to their support. Under the present arrangement, the report says, the time of the superintendent and medical staff must of necessity be given to the acute service. They are not fitted or trained in the re-educational work which, while making rapid progress in our institutions, is not all that it would be if specialized men and women were put in charge of it.

The Commission says that the psychopathic hospitals should be equipped to look after the patient after he has gone out a convalescent.

The first hospital of this character should be erected in Cook county. In this recommendation the Commission follows those made repeatedly in past years by it and its predecessors, the State Board of Charities.

Studying Psychiatry. The Commission also recommends that the study of psychiatry be made compulsory in all our medical schools so that every man or woman who enters the practice of medicine may be educated in the elementary of nervous and mental affections. In this line it urges the opening of the state hospitals to the medical profession, so that they may study mental and nervous patients at the bedside. This is a custom in many states and in all the European countries.

Concluding the Commission says: "The methods of treating mental and nervous diseases must more nearly approach in character the methods which have been so successful in the attack upon the physical disease and until these methods are put into practice, insanity with all its distress must continue to increase and to impose continually growing burdens upon the home and state."

MORE ABOUT SWEET CLOVER

Some Things Experienced Men Say About the Plant Often Called a Weed.

The value of sweet clover as a soiling crop has long been known and appreciated in the east and south. As a nitrogen gatherer it excels all other legumes. In his reports on investigations Dr. Cyril G. Hopkins says that an acre will yield 6.4 tons of dry matter, of which 228 pounds is nitrogen, and that the amount grown on one acre will furnish as much nitrogen and humus as 25 tons of average farm manure.

For Swine—Prof. J. M. Westgate, agronomist, United States department of agriculture, says sweet clover makes an excellent pasture for hogs. A sufficient number should be kept on it to keep it cropped close so that at all times there will be an abundance of fresh shoots for grazing. An acre will support 20 shoats, besides furnishing a light cutting of hay.

Does Not Bloat Stock—Dr. J. J. Haskell, in an address before the Kansas Dry Farming association at Garden City, Kansas, June 5th last, said: "For pasture, sweet clover is valued highly by the stockmen in this vicinity. It is the first available pasture in spring, starting a little before alfalfa. Two years ago this spring there were 2,000 head of cattle in our locality grazing on sweet clover for two weeks before another green thing appeared." Answering a question about the danger of bloating stock Mr. Haskell said: "The Allen Bros., of Hartland, Kansas, shipped 1,000 head of cattle from Florida, where they had never eaten sweet clover and turned them on sweet clover pasture. The first day they picked out and ate other plants, but after the second day all were eating sweet clover. These cattle had been on the road eleven days and were very thin and weak—in fact, in the best condition to bloat easily, but not one bloated. Not in their several years' experience have the Allens had any animal bloat on sweet clover."

Harvesting the Crop—For hay the first year's growth can be left until it is well matured before cutting, as it does not form such coarse, woody stalks as it does in the second year. The second growth should be cut for hay just before the bloom appears. The crop is harvested much as is alfalfa, but all possible care should be used to prevent the leaves from shattering, as they are the most valuable portion of the plant.

Briefly Summarizing. Sweet clover delights in hard, compact soil, exposed subsoils, strong situations, and conditions too adverse for most other plants to thrive. Sweet clover grown in combination with other plants used as parson manure usually adds much more humus forming material to the soil than many others. Sweet clover is a biennial; it is easily restrained and cannot be considered a noxious weed. Sweet clover makes good hay if cut just before it blooms, and is nutritious pasture for horses, cattle, sheep and hogs, if grazed while the growth is young; it thrives best in soils rich in lime; it can be seeded on the bare ground in January, February or March, with oats in April, or alone on prepared ground in May, or at the end of the summer, as is often done with alfalfa. Sweet clover will help solve the problem of abandoned fields; it will help heal the scars on washed and gullied fields and make green pastures possible where barren clay knobs now prevail.—H. A. McKeene, secretary Illinois Farmers' Institute.

Mother of Eighteen Children. "I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 165 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

MOTHER SO POORLY

Could Hardly Care for Children—Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y.—"For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women." Mrs. WILLARD A. GRAHAM, Care of ELSWORTH TUTTLE, Bovina Center, N.Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

"GETS-IT" Is a Wonder for Corns

No Fuss, No Pain, Sure and Quick. Nothing Like It. "Gets" Them Every Time.

You never used anything like "GETS-IT" for corns, before. You're sure at last that every stubborn corn that

"Nobody Knows How Good I Feel. Corns Are Gone At Last. 'GETS-IT' Did It!"

you've tried so long to get rid of is "gone." You apply "GETS-IT" in seconds, that's all. "GETS-IT" does the rest. There's no more fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors. "GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, calluses and bunions disappear. "GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

RACING STALLION DIES OF BRAIN FEVER.

Hamline, Minn., Sept. 1.—Klemoragan, a 4-year-old racing stallion owned by a Bushnell, Ill. firm, is dead here as the result of brain fever. The animal was taken ill while on his way from the Des Moines, Iowa, fair to the Minnesota fair here and died shortly after arriving. Owners last week refused \$3,000 for the animal.

Rev. G. W. Bonnell, the California divine who owns and is driving a string of trotters at present doing Illinois county fairs, was held up and robbed of \$135 as he alighted from a train at Kankakee Saturday night. His horses are performing in that city this week.

GIANTS WIN TWO FROM BOSTON BRAVES

NEW YORK TAKES FIRST GAME 3 TO 2 AND SECOND 2 TO 1.

Afternoon Game Is Fourteen Inning Pitchers' Battle Between Marquard and Rudolph—Merkle Scores on Murray's Single After Knocking a Three Base Hit.

New York, Sept. 1.—In one of the most sensational pitching duels ever seen on the Polo grounds, New York defeated Boston 2 to 1 in the fourteen inning of the afternoon game. Marquard and Rudolph were the opposing pitchers and each man allowed ten hits. Marquard was extremely anxious to win as he had a son born this morning. The winning run was made when Merkle tripled with one out and scored on Murray's single.

PIRATES AND REDS SHARE EVEN BREAK IN DOUBLE-HEADER

Cincinnati Captures Morning Game 5 to 4 and Pittsburgh Wins Afternoon Contest 5 to 1.

Pittsburgh, Pa., Sept. 1.—Pittsburgh and Cincinnati shared an even break today, the visitors winning the morning game 5 to 4 in ten innings and the locals in the afternoon 5 to 1. Errors by Wagner and Viox in the late innings were mainly responsible for the defeat in the morning, while Hendrix's wildness also helped Cincinnati. Scores:

OTTUMWA WINS CENTRAL ASSOCIATION PENNANT

Burlington, Iowa, Sept. 1.—Ottumwa won the pennant in the Central association after a close and exciting fight, Muscatine being second by a narrow margin. It is the third time Ottumwa has won the pennant in the Central association, all under Manager Egan. It won two in the old Iowa State league, making five pennants in all. In the circuit which now is called the Central association three races were decided by the games of today. It was possible for Muscatine to win the pennant if Ottumwa lost both games today, but it won both. Had Keokuk won both games from Monmouth, it would have made third place.

Kewanee would have held fifth position by winning one game from Burlington. Muscatine lost both her games, allowing Ottumwa the pennant. Monmouth and Keokuk split even, the former holding third position and Burlington won both games from Keokuk and slipped up into fifth place. The following is the final standing of the teams:

Club.	Won.	Lost.	Pct.
Ottumwa	126	72	.571
Muscatine	122	68	.54
Monmouth	126	64	.62
Keokuk	125	62	.63
Burlington	129	63	.66
Kewanee	124	59	.65
Cedar Rapids	124	59	.65
Waterloo	124	53	.71

M'DERMOTT THE WINNER.

St. Louis, Sept. 1.—Mike McDermott of the Illinois Athletic club, Chicago, won the seventh annual national championship ten-mile swim conducted by the Missouri Athletic club here today. He covered the distance in one hour, fifty minutes and forty-five seconds.

SOME OFF-SIDE CHUTES.

Buffalo and Cincinnati in by-gone days were the cities that held a corner upon rowdiness at ball games. This year, however, Philadelphia has gone the Bison City and Porkopolis considerably more than one better in its reach as the home of hooliganism. Saturday last, in the Giant-Quaker game, during the ninth inning, with Philadelphia leading by two, a regiment of fans, so-called, brought into play nearly 500 straw hats to reflect the sun's rays into the eyes of the Giants' batters. McGraw protested to Doolin, Philadelphia's manager, who failed to act. Umpire Brennan called upon the police, and when the peace officials failed, he presented the game to New York, 9 to 0. The hoodlums then started an attack upon the New York players and the umpire, and it was only after a most strenuous effort upon the part of the police that murder was not done. This is the third time this season in the "City of Silent Rest" that the "howdies" have held sway. Early in the year Ty Cobb was forced to leave the game in Shibe park when he could get no protection from the taunts of a crew of these ginks, and during the last trip of the White Sox to Quakerdom the rowdies not only held the pavilions and bleachers, but a bunch of them occupied the home team's bench and directed a continual flow of abuse upon the visitors. The baseball players' union has taken the Cobb and White Sox affair in hand, and it is to be hoped this latest outbreak will be the last. Otherwise the players must stand upon their rights and refuse Quaker City dates until guaranteed protection.

Ritchie and Welch have posted their forfeits for the "boxing" match at Vancouver on September 20. Each pug has put up \$3,750, \$2,500 to insure appearance and \$1,250 as a guarantee that the fighter will weigh inside the 135 pounds limit at noon upon the day of the battle. Everything is now in readiness for the flim-flam except the "sucker's" coin in the box office, and it looks from this distance that this commodity will be more scarce than the promoters figure, unless the Canucks recover with lightning rapidity from the recent jolts they have been handed.

Bill Lange was "worked" three full games and five innings of another by Manager Carr of Kansas City last week. In the game against Milwaukee Saturday, the "Iron Man" allowed the Brewers 5 hits for 2 runs, himself and mates combining 6 hits and 4 runs off Hovik and Slapnicka, one of the runs being a circuit blow by the alderman. If "Bill" is in need of work to make him good" the Kaw's manager seems inclined to give him plenty of it.

Ty Cobb is now leading the American league in batting with a percentage of .393, displacing Joe Jackson, who fell in his standing to .391. In the National Yngling remains at the top with .385, his teammate, Jake Daubert, is second, with an average of .371, while McDonald, Boston, has dropped into third place with .358.

When Pennant won the Futurity at Saratoga on Saturday the colt's owner drew down \$15,000. The Saratoga Futurity is a six furlong event for 2-year-olds, and in the good old racing days was one of the many great events contested for at beautiful Sheephead Bay track. Nominations for the Futurity are made one year before the birth of the foal, and before the game was put in bad odor by the sure-thing followers the winner's part of the stake was to itself a small fortune. Thousands of prospects were nominated and the assessment paid upon these nominations accumulated into a stake until time for withdrawals, when the association usually added \$10,000. When John Drake captured the event with Wyatt in 1903 the stake was worth \$47,000, but the last big Futurity stake was won one year later by James R. Kenne's great Colind, and was worth \$52,000.

Young Mr. Breton displaced Buck Weaver at short for the Sox on Sunday and for five full innings he was the "hero." He started a Sox rally that put his team in the lead, and by his sensational fielding robbed Cobb and other Tigers of what looked like safe drives. In the sixth, however, on his easiest chance of the day, he out-weaved Buck and chucked the ball into the grandstand instead of into Chase's mitt, Detroit winning the game on the bobble.

A rumor which will not down is afloat in New York to the effect that Frank Farrell has engineered a deal with the Tigers whereby Ty Cobb will become a member of the Yankees next season. The rumor also carries the information that Farrell paid \$40,000 for the Georgian's release, the largest amount ever paid for a baseball player. President Navin of the Tigers, however, has kicked a hole in the New York rumor. He says Cobb has not been sold, and that he has not the slightest intention of selling him.

A special dispatch in one of the Chicago papers is authority for a report that Ban Johnson has a friend—Branch Rickey—whom he has picked to succeed George Stovall as manager of the Browns. Ban appears not to have work enough running the American league; he must finger the individual teams. He had much to do with the Boston Red Sox deal, and now that little affair is rebounding a boomerang.

TRAVEL INCIDENTS IN CHINESE EMPIRE

RAILROAD SERVICE NOT EQUAL TO THAT IN AMERICA.

Visitors Are Impressed With Number of Russians Scattered Throughout the Country—Palaces at Mukden are Described.

On Train in China.

Dear Journal: June 21st—We boarded the train last night and traveled all night. It was the Imperial Railway of North China, a precarious affair, but the road only affords two trains a week to Harbin and only one of these has sleepers attached, so we had to get along without. I will say though that compartments could be reserved and we had one whole one for Mr. Ewert and myself and one for Mrs. Ewert and Henrietta and on each side of the compartment was a cushioned seat large enough for four persons and a passenger can stretch out and get some sleep, though the facilities were not very good for the purpose. The scenery was rather monotonous, though in some places it reminded us of our own beloved Illinois, the broad prairies stretching far in the distance, with few trees and hardly any scattered dwellings, people living in little hamlets and going out to cultivate the land. All along as in other parts of China, we saw graves scattered promiscuously about the country. When a person dies and the family can afford a decent burial a place is selected anywhere, seemingly, in a field, perhaps right in the center, maybe under some trees or any other convenient place and a mound of earth five feet high and as much in diameter is raised over the place, which is about the only monument, anything else hardly ever being seen. Once in a while a brick wall four feet wide and six feet long may be built, but it is very rare. The land is cultivated all around and right up to them. The surface of the ground is generally level and as recent rains had fallen the mud was deep and most of the land covered with water. Here, as in nearly all Asiatic lands, and some European, there are no fences, the many thousands thus invested in our country being saved here. At all the stations soldiers were drawn up and at one station an order to present arms was given as the train drew out and as it was not done elsewhere I concluded it was the work of some especially polite officer who wanted to show off a little.

All along the way we were impressed with the policy of Russia, of which we have heard so much. When she covets territory she sends in residents, farmers, merchants and the like until she has the country well populated with a sympathetic people before she takes other measures. As we advanced we began to see Russians all about and noted the peculiar appearance, the large cap with high front and deep visor, occasionally the baggy trousers, coats long and full, moustaches on the young and full beard on the old, and later on the stations were designated by an upright on which in vertical was the name in Chinese and a cross on which is the name in English on one side and Russian on the other. Of course the Chinaman was always to be seen, but somehow he appeared to have an inferior place and the wonder arises: will Russia and Japan press their desires for Mongolia and Manchuria or will the ancient kingdom, now a republic, be able to hold her own against the invaders?

We reached Mukden in the evening and there changed roads. This city is near the scene of some fearful conflicts and one battle field is pointed out on which a terrific conflict took place, it being occupied eight times alternately by the Russians and Japanese. The place also contains some rare treasures and while we were enabled to see them, I will quote from one who was. She says: "Last year the empress dowager had planned to visit this ancient capital of her forefathers. A great clearing and rebuilding and a flood of vermilion lacquer followed this vaguely expressed wish and then the empress died. But the old palaces she was to have visited have been rescued from ruin and their lovely grace and brightness give delight to the few who chance to visit them. This glowing glow of red and gold and royal, yellow lies in the heart of Mukden. They are not palaces as we know them, but low, singular, striped buildings, with beautiful, storied beams and curving eaves, suggesting and probably copied from the ancient Tartar tents.

Behind these fragile, lacquered walls is hidden an untold wealth of treasures, the sacking of which was so much feared by the Chinese that they brought their war with Japan to a halt. There was a great unbolted and unlatching of the red doors and tearing away of absurd paper seals before we could gain admittance, two soldiers with bayonets standing meanwhile on our sides. Treasure after treasure, endlessly wrapped and packed with little papers of camphor was placed for a moment on inspection on a sort of yellow lacquer counter. Golden helmets, ruby set and sapphire starred, royal coats of yellow satin embroidered solidly in seed pearls, daggers with diamond hilts, priceless kakamons painted by China's greatest artists and these painted with a new die cunning as a brush, all these things and many others were shown in this temple storehouse piled to the eaves with cabinets and boxes. YANKEE VS. GERMAN

Marblehead, Mass., Sept. 1.—The most important international contest this season in the yachting world, the German-American sloop class races, began off Marblehead today. By Friday, perhaps, it may be told if the Germans are the superiors of the American in small yacht designing, construction and rigging or the reverse.

The first of these sloop class international matches in 1906 sailed off Marblehead, resulted in a victory for the American yachtsmen. The return match at Kiel the next year was a bad failure on the part of the Americans, as they were whipped from start to finish. But in 1909 the Americans scored another victory at Marblehead and in 1911 they crossed over to Kiel again and had things all their own way.

As usual, each of the two countries is represented this year by a team of three yachts, the German trio being the Angela, Seurm and Wittelsbach, while the American boats are the Ellen, Sprig and Cimla.

President Wilson will probably present the cup which bears his name to the boat which wins. The Governor Foss cup is in the nature of a second prize and will be awarded on a system of points.

BIG MEETING OF FIRE CHIEFS.

New York, Sept. 1.—Fire chiefs from all parts of the United States and Canada and from a number of cities in other parts of the world have gathered in this city and will spend the week discussing a wide range of subjects pertaining to the fighting of fires. The occasion of the gathering is the forty-first annual convention of the International Association of Fire Engineers. This morning the delegates assembled in the Grand Central Palace and listened to an address of welcome by Mayor Gaynor. Response was made by the president of the association, H. F. Magee, of Dallas, Texas. A street parade, daily demonstrations of motor apparatus and the unveiling of a firemen's memorial in Riverside Drive are features of the week's program. A large exhibit of the latest fire fighting apparatus and safety devices is another feature of the gathering.

ATHLETICS TAKE TWO GAMES FROM WASHINGTON SENATORS

Batting Rally in the Tenth Wins Afternoon Contest For Philadelphia 6 to 5.

Philadelphia, Sept. 1.—A batting rally in the tenth inning enabled Philadelphia to stave off a defeat and win from Washington this afternoon by 6 to 5. The Athletics also won the morning game 4 to 1. In the afternoon Washington scored in the tenth on Milan's double. Gandil's sacrifice and Morgan's single. Walter Johnson disposed of the home team's first two batsmen in the tenth and then E. Murphy singled and scored on Oldring's double. The latter crossed the plate with the winning tally on Collins' single.

Scores:
Morning game—R. H. E.

CUBS WIN FIRST GAME

FROM CARDINALS 2 TO 0

Second Game, a Pitchers' Battle Between Doak and Pierce, Is Called in the Eighth With the Score Tied.

St. Louis, Sept. 1.—Chicago won the first game of the holiday double header with the St. Louis team here this afternoon, score 2 to 1 and in the second game when Umpire Rigler in the eighth inning said it was too dark to play further, the score stood two to two. The second game was a pitchers battle between youngsters Doak and Pierce, with the latter receiving poor support at critical stages. In the fourth inning Cather in sliding into second base on a steal broke his right leg just above the ankle and was carried off the field. The doctor who attended him said he would be out for the balance of the season.

GETS DECISION OVER WOLGAST.

Oakland, Cal., Sept. 1.—Joe Azevedo fought his way to a decision over Ad Wolgast, former lightweight champion today in their ten round bout here. The going was fast and the younger fighter clearly earned the verdict. In the seventh round Azevedo knocked Wolgast down. Wolgast fought almost entirely with his left hand, his right arm apparently being in no condition to inflict punishment.

WORLD'S GREATEST RIFLE TOURNAMENT.

Camp Perry, Ohio, Sept. 1.—The opening volleys in the international shooting tournament were fired today on the great rifle range at Camp Perry, on the southern shore of Lake Erie, near Port Clinton. Military officials declare that the tournament will prove the greatest of its kind in the history of the world. In addition to scores of contestants from the United States and Canada the participants include rifle and revolver shooting teams from France, Germany, Switzerland, Sweden, Argentina Republic, Peru, Mexico and Cuba.

The organization of international rifle shooting societies of the world voted in France last year to bring their matches to Camp Perry this year and the newly organized Pan-American Shooting Union did likewise, insuring a concentration of all the great international shooting competitions of the world here. The tournament will be brought to a close on the night of September 9 with a banquet when all of the prizes will be presented.

PREPARING FOR ROYAL WEDDING.

Berlin, Sept. 1.—A dispatch from Signmarion says: This city is rapidly putting on gala attire in anticipation of the marriage of ex-King Manuel of Portugal and Princess Augusta Victoria of Hohenzollern on Thursday. The erection of superb street decorations has begun and the parks and other public places are being transformed into luxurious gardens. The government has requisitioned the principal hotels for the visiting princes and envoys. The old castle of Prince William, father of the bride-to-be, is the scene of the constant reception of arriving delegations, many of them bringing elaborate presents.

NORTH DAKOTA IS THE LAND OF PROMISE

We have taken scores and hundreds of Illinois farmers up into the prairies of North Dakota. Some of them bought farms, and some of them did not but we have yet to see the man who did not agree with us that the soil is great in possibilities.

Buy in the Great Alfalfa Valley of the Mouse River Loop. The quality of the land is rich. The prices are low.

Call and let us tell you something about these lands. Excursions to the north almost every week.

Woman's Danger Signals

Hot flashes—dizziness, fainting spells, headache, bearing-down feeling and ills of a kindred nature—are nature's danger signals. The female disturbance or irregularity back of these calls for help, should have immediate care and attention. Otherwise the delicate female constitution soon breaks down.

SUMMARY OF AUGUST WEATHER

Mean temperature, 80.5 degrees, or 5.3 degrees above normal. Maximum, 102 degrees; date, 16th. Minimum, 53 degrees; dates 23 and 29th. Total rainfall, 1.79 inch, or 1.75 inch below normal.

Number of days with .01 or more precipitation, 4; clear, 13; part cloudy, 11; cloudy, 7.

The mean temperature exceeds all records for this station by 0.4 degrees, the nearest to it being August, 1900, when the mean was 80.1 degrees; the highest that year was 97 degrees and the lowest, 62 degrees.

The mean temperature for the last three years, to-wit 1910, 1911, 1912, were all below normal. During the three summer months, June, July, August, the records show we have an average of 25½ days above 90 degrees. This year we have had 51 days above 90 degrees. The year 1904 had only two days above 90.

In the month of August the rainfall in 1908 was 1.21 inches, and in 1909, 0.66 inch, so that while the rainfall in August this year is below normal, we have had dryer months than the one just past.

MORTUARY

Downs.
James A. Downs, as mentioned in Sunday morning's Journal, died at 1:30 o'clock at the family residence, 616 East College street, from spinal meningitis. He was the son of Thomas and Mary Downs, and was born east of Roodhouse, 54 years ago. He was married to Lulu B. Hull, in 1891 and she survives him, together with two children, Oma L. and Ola M. He also leaves his mother and three brothers, George, Henry and Washington.

The family moved to this city three years ago and he has been employed at the Kellogg Bros. shops as a machinist. He was a member of Urania lodge No. 243, I. O. O. F. of this city.

The funeral will be held this morning at 9 o'clock from the family residence in charge of Rev. W. L. Dorgan. The body was sent to Roodhouse where interment will be made in the Richmond cemetery.

Steer.
Relatives in the city have received the news of the death of F. A. Steer of St. Louis, Mo. He died in London, Aug. 29, from pneumonia, just four months after the death of his wife. The information as to his death was received in a cablegram by Will C. Steer of St. Louis. The news was sent by John S. Leahy, the well-known St. Louis attorney, who is a son-in-law of F. A. Steer and was with him when the end came.

F. A. Steer was born sixty-four years ago in St. Louis and was a son of John A. and Katherine Steer and a brother of Dr. Justin Steer of St. Louis and Alexander Steer of this city, all of whom are now deceased. Mr. Steer was the president of the F. A. Steer Furnishing Goods company and a very successful business man. His character and life were such that he was held in high esteem by all who knew him. The deceased leaves three daughters and one son, all of St. Louis. They are Mrs. Homer Nay, Mrs. Mary Raleigh, Mrs. Jack Leahy and William C. Steer. The remains will probably be brought from London to St. Louis for interment.

DR. HARKER IS AGAIN AT HIS POST IN JACKSONVILLE

Returned to City Monday After Spending Two Months Abroad—Visited Scenes of His Childhood—Business Conditions Quiet in England.

Dr. J. R. Harker returned to Jacksonville Monday after a two months stay in England. He arrived in New York Friday on the Lusitania and then came on to Cincinnati to spend Sunday with his daughter, Mrs. Atherton and his new grandson. He arrived at home Monday, coming by way of St. Louis and over the Alton to Jacksonville.

Asked about his trip and his stay in England, last night, Dr. Harker said: "I have enjoyed every moment of the time I have been away and there never was a day that I did not feel well and equal to sight-seeing. I have returned strengthened and invigorated and ready to do some good work for the college and you may know that it pleases me to find out how well things have gone on during my absence and that the prospect for the coming year indicates it will be the best the college has ever had."

"I spent two weeks at Durham, where I was born. My own family left there in 1871 and came to America and since that time all my relatives had also traveled to the newer country, so that I found none there. I did, however, meet a number of old time friends of the family and I searched for and found the house where I was born. Then I spent a week in Scotland and another week in the lake regions. Then came two weeks spent in London and in visiting some historic spots near there. Afterward I put in a week on the continent and then started homeward."

Pensions for Workers.
"In England now it seems to me that business conditions are rather slow and there is an unsettled feeling among the laboring classes. There is much discussion of government pensions for laborers and of good legislation of that class. Every employer is required to hold back a certain per cent of the wages of his employees for the pension fund, and is required to pay a certain pension tax himself. The government adds to this sum and thus pensions are provided for the working people after they reach a certain age. I asked the chambermaid in one hotel where I was stopping what wages were paid for her work and she replied that she was paid seven shillings a week, but that three pence was held back for the pension fund. Through the advocacy of Lloyd George the government is now seriously considering a tenancy bill with such provisions that tenants will be able to acquire small tracts of land on long time payments."

"A man who had just completed building a hotel told the cost and it was practically half what the cost would be in this country. Skilled mechanics like brick masons are paid from \$1.50 to \$1.75 per day, instead of \$5 or more as is done in this country. There are organizations of working men, but they do not seem to be along the same lines as American labor unions and the hours of labor are not specified or the wages."

Prices Lower.
"While wages are much lower, the buying power of a dollar is larger than in this country. This is especially noticeable in clothing, for an extra fine ready made suit can be bought for \$15 and tailor made suits cost but a trifle more. I was impressed by the fact that the styles of clothing for men and women in England are practically just like our styles here and the American traveler is by no means conspicuous on the streets. Prices in hotels are lower than in this country for the same service. I stayed at the Imperial hotel in London where the service was excellent and where lodging and breakfast cost \$1.25 to \$1.50."

"On the return voyage we did not come in record time, but the journey took only a little more than five days' time. The sea was smooth as glass nearly all of the time and it was a restful, quiet trip. My trip abroad was just the rest I needed and I am thoroughly refreshed and strengthened, but glad to be back in the harness again."

ANDRE & ANDRE ANNOUNCE

The arrival of New Fall House Furnishings, including Furniture, Floor Coverings, Draperies, etc. Every freight for the last few weeks has brought us large consignments, and, in some instances, full cars. This is especially true of furniture, and in this connection we might add we have taken particular pains to eliminate styles by a painstaking process in order to secure pieces which will more readily meet with your requirements.

We have a stock replete with rugs of unusual colorings and proportions, and extremely large sizes, such as are frequently needed, but are generally so difficult to secure.

We feature the great Whittall line, which means the highest quality obtainable.

When you require something special call upon us. Remember, too, that we have the usual, as well as the exceptional.

You're invited to call and inspect the most complete and varied assortment of House Furnishings it has ever been our privilege to show.
